NEW PRODUCT YEAR 2024

Why Rock And Storm Plast?

RockandStormPlast manufactures durable, high-quality bottles. They specialize in eco-friendly, customizable designs for various industries. Reliable and innovative.

- Customizable bottle designs.
- High durability and reliability.
- Innovative manufacturing processes.
- Industry-leading customer satisfaction.

The PETformance you can trust, for a future that's crystal clear.

FROM THE DESK OF OUR DIRECTOR

Welcome to Rockandstormplast, established in 2012, where innovation meets excellence in the manufacturing of PET preforms, PET bottles, and LD sheets. Serving distilleries and bottling plants across Punjab, Haryana, Himachal, and Delhi NCR, we are dedicated to setting benchmarks in the industry.

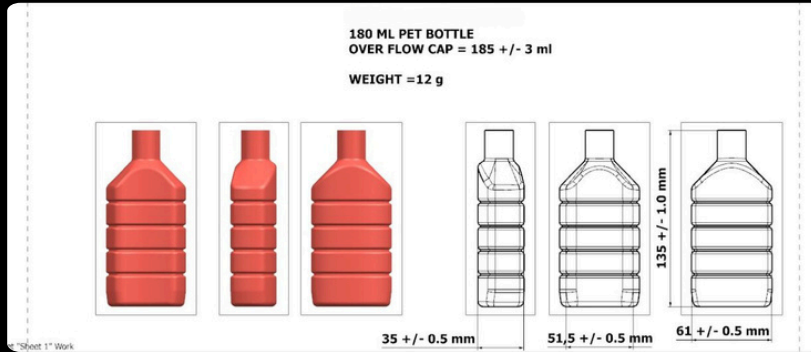

As Chairman, I am honored to lead a team that shares a vision of innovation, sustainability, and quality.

Our PET bottles cater to the diverse needs of liquor, juice, water, and soda industries, embodying durability and reliability.

Driven by a relentless pursuit of excellence, we prioritize sustainability in everything we do. Our manufacturing processes are designed to minimize environmental impact without compromising on product performance. This dedication allows us to empower outdoor enthusiasts globally, providing them with gear they can trust in any conditions.

180ML BOTTLES

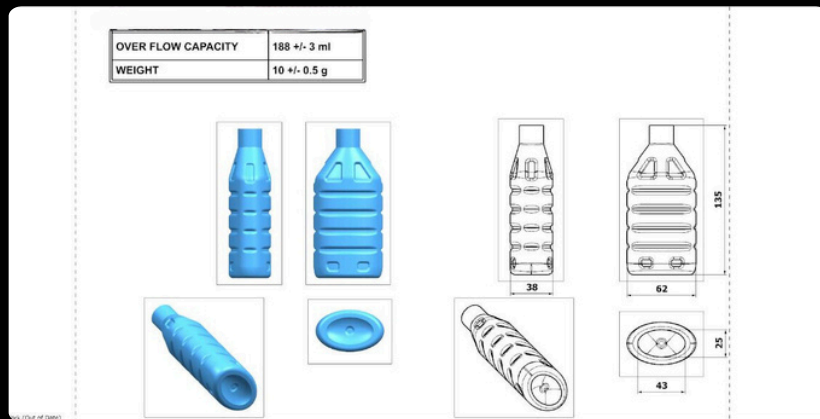

AA 180 mL container is compact and versatile, commonly used for packaging small quantities of liquids such as beverages, sauces, or cosmetics. Its rounded shape ensures efficient storage and easy handling, making it ideal for retail products that require convenient packaging and display.
